Reserve Bank of India - KYC & Digital Banking Guidelines

Official Government Citizen Reference Manual

1. Bank Account Opening & KYC Norms

Under the Reserve Bank of India (RBI) Master Directions, banks require Officially Valid Documents (OVD) for Know Your Customer (KYC) verification. OVDs include Passport, Driving License, Voter ID Card, Aadhaar Card, NREGA Job Card, and NPR Letter.

Permanent Account Number (PAN) or Form 60 is mandatory for all savings accounts.

Basic Savings Bank Deposit Accounts (BSBDA) / PMJDY accounts require zero minimum balance and offer 4 free withdrawals monthly without maintenance penalties.

Video KYC (V-CIP) permits seamless digital account opening from home via live smartphone audio-visual verification with bank officials.

2. UPI Payments and Anti-Fraud Security Protocols

Unified Payments Interface (UPI) developed by NPCI allows 24x7 instant fund transfers between bank accounts.

CRITICAL FRAUD WARNING: Entering your secret UPI PIN is ONLY needed to SEND money, NEVER to receive funds. Any request to enter a UPI PIN or scan a QR code to claim cashbacks, prizes, or receive money is fraudulent.

Never download screen-sharing utilities (AnyDesk, TeamViewer, RustDesk) at the request of unverified callers.

If an unauthorized transaction occurs, immediately report to the National Cyber Crime Helpline at 1930 or on cybercrime.gov.in.

3. RBI Integrated Ombudsman Scheme

If a customer complaint is not resolved satisfactorily by the bank within 30 days, customers can file a grievance free of cost with the RBI Integrated Ombudsman at cms.rbi.org.in or helpline 14448.
